PELI™ AIR CASE
1465EMS / 1465

MAY 2019

SINCE 1976

PELI™ AIR 1465EMS
LIGHTWEIGHT EMS CASE

HIT THE GROUND RUNNING

Storage bracket keeps used and sharp objects contained (sharps container and case contents not included).

PELI™ AIR 1465EMS: LIGHTWEIGHT EMS CASE

When every second counts, you can depend on the new Pelic™ Air 1465EMS case to keep you moving through harsh terrain. Weighing in at only 6 kg. (empty), the Pelic™ Air 1465EMS case minimises strain while protecting vital medical supplies, without weighing you down.

EASY ACCESS

Press and pull latches have been tested for extreme pressure and impact situations, but are easy to open when you arrive at the emergency.

ORGANISED FOR SUCCESS

The three tier customisable pullout trays give you the flexibility to organise medical gear to any configuration. And, with three transparent, lockable compartments, controlled substances are easy to view, safely and securely stowed away.

All trays slide forward (for full view) and back to original position

STAY CLEAN

You'll never go soft on your gear again. Medical soft bags or backpacks can get soiled from most jobs. The Pelic™ Air™ 1465EMS polymer finish and removable trays are easy to wipe down to keep sanitised for the next rescue.

Pelic™ AIR 1465 standard version also available with Pick N Pluck™ foam.
